## A Note from the Forwarding Agents

Dear Brothers and Sisters in Christ,

Thank you for your generous support of Asian Gospel Outreach! We know Ahtapa and Leah appreciate the financial support and especially your prayers. This newsletter isn't the typical update from Ahtapa as he has been traveling to China and has not been sending many updates. Did you know you can "like" Ahtapa's Facebook page [[www.facebook.com/ahtapa.sinlee](http://www.facebook.com/ahtapa.sinlee)] to see all of his current posts and updates?

Here are some updates, praises, and prayer requests from Asian Gospel Outreach:

### Health Concerns and Praises

In September, Leah visited the hospital and Ahtapa was asking for prayers for her. There was only one doctor working and the hospital was very busy with many patients waiting. After receiving some medicine and fluids, Leah was sent home. She was able to lead the singing at church the next day. Praise God!

### Weather Concerns and God's Protection

In the July newsletter, we asked for prayers for the 12 members of a Thailand soccer team and their coach who had been trapped in a cave while hiking when the heavy rains caused sudden flooding. To God be the glory for the rescue of all 13 young men!

Heavy rains continued in September with the Mangkhut Typhoon hitting so close to Thailand. Ahtapa reported that they received very heavy wind and rain, but "thanks to the Lord, we survived the heavy rain storm. God is so good." Amen!

### Raining Season is Bamboo Season

One good thing about all the rain is the abundance of bamboo shoot.

Waiting in line for bamboo root
